# STRENGTHENING AN INNOVATIVE SUSTAINABLE ECONOMY

## Fostering innovative and sustainable bio-waste management and circular bio-economy in the Mediterranean area

### CirBioWaste

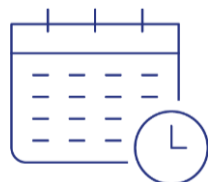

#### Transfer Project

CirBioWaste transfers existing **innovative and validated solutions for sustainable bio-waste management**, adapted to the different contexts. The **strategies and action plans**, including policy recommendations and practical guidelines to deploy proposed solutions, are related to providing training and skills, fostering awareness to ensure proper quality of the bio-waste separated at source, and proper use of the recycled products. They will be jointly created with and for the targeted entities, together with the experience of **6 project partners** and **18 project associates** with extensive experience in bio-waste management.
